Out of Nowhere 2014 examines the emergence of syrian kurds who became game changers in the syrian civil war and potentially in kurdish areas of other countries as well

Impossible Revolution 2017-08-28 syria s dictator bashar al assad and his junta regime have slaughtered hundreds of thousands of syrians in the name of fighting terrorism former political prisoner and current refugee yassin al haj saleh exposes the lies that enable assad to continue on his reign of terror as well as the complicity of both russia and the us in atrocities endured by syrians

Egypt and Syria in the Fatimid, Ayyubid and Mamluk Eras IV 2005 the fuse has been burning in syria for five years now the powder keg is about to explode isaiah 17 predicts the destruction of damascus syria isa 17 1 the burden of damascus behold damascus is taken away from being a city and it shall be a ruinous heap now more than ever it is important for christians to be alert to the bible prophecy that is unfolding in syria for that reason i have edited and compiled all of my commentaries about syria into this one book these commentaries appear throughout several of my other books this book contains everything that you need to know about syria in bible prophecy as you watch events unfold in the coming days the city of damascus is the capital of syria it is a large prosperous city with modern amenities and an ancient history damascus is one of the oldest inhabited cities in the world it was founded by the aramaeans over four thousand years ago and was inhabited two thousand years before that damascus is a living depiction of human history today damascus is dying according to old testament prophets isaiah and jeremiah damascus syria will be

destroyed i think that the bible tells us that turkey will eventually enter syria and destroy damascus this could be the prophetic event that puts the end time into high gear syria has been fighting for the past five years in the midst of a hostile takeover by outside forces during that time damascus has suffered some damage but has been mostly spared now turkey has amassed 54 000 soldiers on the syrian border now turkish president erdogan has vowed to remove syrian president assad from power in syria s capital city of damascus **Burning Country** 2018 in 2011 many syrians took to the streets of damascus to demand the overthrow of the government of bashar al assad seven years later syria is a warzone and there seems to be no end in sight burning country explores the complicated reality of life in present day syria with unprecedented detail and sophistication drawing on new firsthand testimonies from opposition fighters exiles lost in an archipelago of refugee camps and courageous human rights activists robin yassin kassab and leila al shami expertly interweave these stories with an incisive analysis of the militarization of the uprising the rise of the islamists and sectarian warfare and the role of syria s government in exacerbating the brutalization of the conflict through these accounts and a broad range of secondary source material the authors persuasively argue that the international community has failed in its stated commitments to support the syrian opposition movements this new edition brings the story up to the present with a new chapter that covers the internationalization of the conflict including interventions by the united states russia and iran the rollback of isis the fall of daraya and aleppo the crushing of local democracy sectarian cleansing and the forced exile of millions of syrians

The Brink of Peace 2009-07-01 this book is simply the memoir of the syrian revolution in its six year journey all through the eyes of a syrian poet who lived his youth in the capital city of damascus beginning on the first friday after the revolution started and every friday thereafter the syrians made it a habit taking to the streets to demonstrate against the regime they also gave names to those fridays to reflect the current events the first one was the friday of dignity 3 18 11 then friday of glory 3 25 11 friday of martyrs 4 1 11 friday of withstanding 4 8 11 friday of insistence 4 15 11 and so on until today which sums up to more than three hundred fridays the author started firing poems in support of the revolution and also to document its events week after week for the next six years he managed to translate almost half of them to put in this book listing the poems in order takes the reader on a journey throughout the ups and downs of the revolution and helps him to understand what happened when and why since the author is antidictatorship and prodemocracy his writings are not only full of fury and power confidence and hope but also satire and wit which characterize the people of that historic city

Divided Loyalties 2023-07-28 james l gelvin brings a new and distinctive perspective to the perennially fascinating topic of nationalism in the arab middle east unlike previous historians who have focused on the activities and ideas of a small group of elites gelvin details the role played by non elites in nationalist politics during the early part of the twentieth century drawing from previously untapped sources he documents the appearance of a new form of political organization the popular committee that sprang up in cities and villages throughout greater syria in the immediate aftermath of the first world war these committees empowered a new type of nationalist leadership made nationalist politics a mass phenomenon for the first time and articulated a view of nation and nationalism that continues to inform the politics of the region today gelvin does more than recount an episode in the history of nationalism in the arab middle east his examination of leaflets graffiti speeches rumors and editorials offers fresh insights into the symbolic construction of national communities his analysis of ceremonies national celebrations demonstrations theater contributes to our understanding of the emergence of mass politics by situating his study within a broader historical context gelvin has written a book that will be of interest to all who wish to understand nationalism in the region and beyond **Encounters in the Turkey-Syria Borderland** 2018-09-30 this is the story of ordinary people whose lives have intersected with the state of politics in the middle east since the civil conflict erupted in syria the lives of both turks and syrians have changed drastically by voicing individual stories of syrians who sought shelter in gaziantep turkey and their encounters with the host community this book contributes to the current literature on syrian refugees as such rather than offering a dry scholarly account of the war and the crisis it details the emotional odyssey of two academics who lived through such turbulent times alongside syrians in the turkey syria borderland the book will appeal to readers who wish to know syrian refugees as individuals rather than as a totalistic category partly ethnographic and partly oral history it presents a different side of the crisis in syria

Syria in Ruins 2016-09-19 please see the attached txt file World War in Syria 2021-07 world war in syria provides a comprehensive study of the first ten years of the syrian war as well as an extensive background into the history of syria s longstanding conflict with the western world and its regional strategic partners such as turkey and israel it offers an analysis of the conflict through the paradigm of an international world war albeit centered in only one country rather than a civil war and provides information vital to understanding the conflict s implications for international security and the motivations and interests of all major parties involved much as the korean war saw multiple countries from the world s two major power blocs commit to supporting opposing sides the syrian war has similarly

been a key event in what is increasingly being termed a new cold war between the western world and its adversaries like the afghan war of the 1980s the early stages of the conflict in syria saw western powers and their islamist leaning partners in the middle east extensively supporting a muslim fundamentalist insurgency to overthrow a moscow friendly secular government the campaign against damascus included not only military efforts but also extensive information and economic warfare campaigns which brought the country close to an afghan style collapse and islamist takeover as the war escalated the number of active participants on syrian soil increased on both sides with turkish u s european and israeli boots on the ground and fighters in the sky backing the insurgents while russian iranian north korean and hezbollah units supported the government the syrian war evolved into a world war reflecting the macrocosm of multiple international conflicts in the microcosm of the small country s territory world war in syria answers questions that will have continued relevance beyond the country s borders for years to come what were the west s motives for pursuing the syrian state s overthrow how will precedents set in the conflict impact international norms with global reverberations why has syria been vulnerable to instigation of insurgency to information warfare and later to economic sanctions in a way that other western adversaries are not how has the conflict reflected the way warfare has evolved over recent decades and under what conditions is it likely to conclude in the coming ten years

The Complete Guide to Syria in End Time Bible Prophecy 2015-08-05 rania abouzeid has produced a work of stunning reportage from the very heart of the conflict daring to go to the most dangerous places in order to get the story dexter filkins pulitzer prize winning author of the forever war award winning journalist rania abouzeid dissects the tangle of ideologies and allegiances that make up the syrian conflict through the dramatic stories of four young people seeking safety and freedom in a shattered country hailed by critics no turning back masterfully weaves together the lives of protestors victims and remorseless killers at the center of this century s most appalling human tragedy robert f worth based on more than five years of fearless clandestine reporting no turning back brings readers deep inside bashar al assad s prisons to covert meetings where foreign states and organizations manipulated the rebels and to the highest levels of islamic militancy and the formation of the islamic state an utterly engrossing human drama full of vivid indelible characters no turning back shows how hope can flourish even amid one of the twenty first century s greatest humanitarian disasters winner of the overseas press club of america s cornelius ryan award for the best non fiction book on international affairs and a finalist for the lionel gelber prize *Syrian Identity in the Greco-Roman World* 2013-07-25 by engaging with recent developments in the study of empires this book examines how inhabitants of roman imperial syria reinvented expressions and experiences of greek roman and syrian identification it demonstrates how the organization of greek communities and a peer polity network extending citizenship to ethnic syrians generated new semiotic frameworks for the performance of greekness and syrianness within

these syria s inhabitants reoriented and interwove idioms of diverse cultural origins including those from the near east to express greek roman and syrian identifications in innovative and complex ways while exploring a vast array of written and material sources the book thus posits that greekness and syrianness were constantly shifting and transforming categories and it critiques many assumptions that govern how scholars of antiquity often conceive of roman imperial greek identity ethnicity and culture in the roman near east and processes of hybridity or similar concepts

Syria, the United States, and the War on Terror in the Middle East 2006-02-28 ever since syria won its independence from france in 1946 it has been a crucial player in middle eastern politics over the years relations between the united states and syria have fluctuated as washington has tried to balance its commitment to israel s security with its support for arab regimes in order to protect vital and strategic interests in the arab world the arab israeli conflict is however no longer the only focal point of the relationship now terrorism has entered the fray on the state department s terrorism list since 1979 syria became even more persona non grata as far as washington was concerned when damascus vocally opposed the u s invasion of iraq in 2003 the american war in iraq occupation and promotion of democracy throughout the middle east pose a strong challenge to the syrian regime the new syrian leadership in power only since 2000 faces immense challenges protecting syria s regional status and surviving internal and external threats against this background syria and the united states have set themselves on a collision course over terrorism arms proliferation lebanon the middle east peace process and iraq syria is nevertheless extremely important to the united states because it can be a force for either stability or instability in an extremely volatile region recent events have put the spotlight on syria s policies and actions after the assassination of a lebanese politician protests in lebanon led to the withdrawal of syrian troops while the withdrawal averted an immediate threat of bloodshed the bush administration accused syria of being a source of instability in the middle east with secretary of state rice charging that syria was still active in lebanon and was supporting foreign terrorists fueling the insurgency in iraq the u s syrian relationship is of critical importance to the united states efforts to promote democracy throughout the middle east at the same time the united states has been pressuring syria to clamp down on terrorism within its own borders rabil provides a history of the modern u s syrian relationship putting the latest events in the context of this contemporary history and placing the relationship in the context of middle eastern politics

The Rise and Fall of Greater Syria 2021-04-19 the syrian social nationalist party devoted itself to reviving and unifying the syrian nation and establishing this nation s complete independence over its historical homeland greater syria it continues its struggle today influencing and shaping lebanese and syrian society and politics yet the party remains largely unknown and misunderstood a condition that stems from the lack of any comprehensive study of it this book fills this gap syrian nationalism and nationalist movements generally speaking

have been largely neglected and ignored by historians scholars and observers of the middle east so too has the ssnp the lack of detailed and nuanced analyses has left significant gaps in the party s rich history unaddressed and enabled the perpetuation of inaccuracies and misperceptions regarding its past given this and the party s ongoing relevance in lebanon and syria a thorough examination of the early history of the ssnp the political organization and movement that embodied syrian nationalism s most explicit most cogent expression is even more necessary based on an extensive and thorough examination of arabic french and english primary sources the monograph is the first comprehensive systematic history of the ssnp to date detailing its struggle to fulfill its nationalist vision and establish a secular independent state in greater syria through a thorough analysis of its formation evolution and political activities in lebanon and syria *Essays on Ancient Anatolia and Syria in the Second and Third Millennium B.C.* 1996 a major casualty of the assassin s bullet that struck down israeli prime minister yitzhak rabin was a prospective peace accord between syria and israel for the first time a negotiator who had unique access to rabin as well as detailed knowledge of syrian history and politics tells the inside story of the failed negotiations his account provides a key to understanding not only u s diplomacy in the middle east but also the larger arab israeli peace process during the period from 1992 to 1996 itamar rabinovich was israel s ambassador to washington and the chief negotiator with syria in this book he looks back at the course of negotiations terms of which were known to a surprisingly small group of american israeli and syrian officials after benjamin netanyahu s election as israel s prime minister in may 1996 a controversy developed even with netanyahu s change of policy and harder line toward damascus syria began claiming that both rabin and his successor peres had pledged full withdrawal from the golan heights rabinovich takes the reader through the maze of diplomatic subtleties to explain the differences between hypothetical discussion and actual commitment to the students of past history and contemporary politics he writes nothing is more beguiling than the myriad threads that run across the invisible line which separates the two the threads of this story include details of rabin s negotiations and their impact through two subsequent israeli administrations in less than a year the american and egyptian roles and the ongoing debate between syria and israel on the factual and legal bases for resuming talks the author portrays all sides and participants with remarkable flair and empathy as only a privileged player in the events could do in any assessment of future negotiations in the middle east itamar rabinovich s book will prove indispensable **A History of Syria in One Hundred Sites** 2016 this book presents the long history of syria by means of a journey through its most important and most recently excavated archaeological sites quatrième de couverture

Ancient Syria 2014-03-06 syria has long been one of the most trouble prone and politically volatile regions of the near and middle eastern world this book looks back beyond the troubles of the present to tell the 3000 year story of what happened many centuries before trevor

bryce reveals the peoples cities and kingdoms that arose flourished declined and disappeared in the lands that now constitute syria from the time of it s earliest written records in the third millennium bc until the reign of the roman emperor diocletian at the turn of the 3 4th century ad across the centuries from the bronze age to the rome era we encounter a vast array of characters and civilizations enlivening enriching and besmirching the annals of syrian history hittite and assyrian great kings egyptian pharaohs amorite robber barons the biblically notorious nebuchadnezzar persia s cyrus the great and macedon s alexander the great the rulers of the seleucid empire and an assortment of rome s most distinguished and most infamous emperors all swept across the plains of syria at some point in her long history all contributed in one way or another to syria s special distinctive character as they imposed themselves upon it fought one another within it or pillaged their way through it but this is not just a history of invasion and oppression syria had great rulers of her own native born syrian luminaries sometimes appearing as local champions who sought to liberate their lands from foreign despots sometimes as cunning self seeking manipulators of squabbles between their overlords they culminate with zenobia queen of palmyra whose life provides a fitting grand finale to the first three millennia of syria s recorded history the conclusion looks forward to the muslim conquest in the 7th century ad in many ways the opening chapter in the equally complex and often troubled history of modern syria

Inside Syria 2016 based on first hand reporting from syria and washington journalist reese erlich unravels the complex dynamics underlying the syrian civil war through vivid on the ground accounts and interviews with both rebel leaders and syrian president bashar al assad erlich gives the reader a better understanding of this momentous power struggle and why it matters through his many contacts inside syria the author reveals who is supporting assad and why he describes the agendas of the rebel factions and he depicts in stark terms the dire plight of many ordinary syrian people caught in the cross fire the book also provides insights into the role of the kurds the continuing influence of iran and the policies of american leaders who seem interested only in protecting us regional interests disturbing and enlightening at once this timely book shows you not only what is happening inside syria but why it is so important for the middle east the us and the world

No Turning Back: Life, Loss, and Hope in Wartime Syria 2018-03-13 from a pulitzer prize nominated journalist specializing in the middle east this groundbreaking account of the syrian civil war reveals the never before published true story of a 21st century humanitarian disaster in spring 2011 syrian president bashar al assad turned to his friend and army commander manaf tlass for advice about how to respond to arab spring inspired protests tlass pushed for conciliation but assad decided to crush the uprising an act which would catapult the country into an eight year long war killing almost half a million and fueling terrorism and a global refugee crisis assad or we burn the country examines syria s tragedy through the generational saga of the assad and tlass families once deeply intertwined and now estranged in

bashar s bloody quest to preserve his father s inheritance by drawing on his own reporting experience in damascus and exclusive interviews with tlass dagher takes readers within palace walls to reveal the family behind the destruction of a country and the chaos of an entire region dagher shows how one of the world s most vicious police states came to be and explains how a regional conflict extended globally engulfing the middle east and pitting the united states and russia against one another timely propulsive and expertly reported assad or we burn the country is the definitive account of this global crisis going far beyond the news story that has dominated headlines for years

Syria 2019-04-01 today syria is a country known for all the wrong reasons civil war vicious sectarianism and major humanitarian crisis but how did this once rich multi cultural society end up as the site of one of the twenty first century s most devastating and brutal conflicts in this incisive book internationally renowned syria expert david lesch takes the reader on an illuminating journey through the last hundred years of syrian history from the end of the ottoman empire through to the current civil war the syria he reveals is a fractured mosaic whose identity or lack thereof has played a crucial part in its trajectory over the past century only once the complexities and challenges of syria s history are understood can this pivotal country in the middle east begin to rebuild and heal

Revolution in Syria 2021-07-08 tracing local trajectories of conflict mazur explains how the syrian uprising became a civil war fought largely along ethnic lines

Destroying a Nation 2017-07-30 following the arab spring syria descended into civil and sectarian conflict it has since become a fractured warzone which operates as a breeding ground for new terrorist movements including isis as well as the root cause of the greatest refugee crisis in modern history in this important book former special envoy of the netherlands to syria nikolaos van dam explains the recent history of syria covering the growing disenchantment with the asad regime the chaos of civil war and the fractures which led to an immense amount of destruction in the refined social fabric of what used to be the syrian nation through an in depth examination van dam traces political developments within the asad regime and the various opposition groups from the arab spring to the present day and provides a deeper insight into the conflict and the possibilities and obstacles for reaching a political solution

The Origins of the Syrian Conflict 2020-03-26 presents a new conceptual framework drawing on human security to evaluate the claim that climate change caused the conflict in syria

Syria in World War I 2015-12-14 the first world war quickly escalated from a european war into a global conflict that would cause fundamental changes in the middle east africa asia and the americas its end signalled the dissolution of the ottoman empire which had controlled most of the arab middle east over the wartime period millions of people across the empire died as a result of warfare epidemics famines and massacres however for the ottoman leaders their entry into the war was not just a response to a life or death struggle but rather presented them with an opportunity to transform

the empire into a new type of state syria in world war i brings together leading scholars working with original turkish arabic armenian and german sources to present a comprehensive examination of this key period in syria s history together the chapters demonstrate how the war represented a radical break from the past for the syrian lands which underwent crucial political economic social and cultural transformations it contextualises various facets of the then unionist ruler of syria djemal pasha as well as exploring the impact of the ottoman leaders divergent policies on the syrian lands and people which would undergo a series of political economic and ecological catastrophes whose traces are still evident in the region s collective memory introducing a significant body of new information and considerably expanding the parameters of current debates syria in world war i is of key interest to students and scholars of middle east history as well as history of the late ottoman empire and world war i history

The Syrian Conflict's Impact on International Law 2020-03-26 written as the decade long syria conflict nears an end this book explores changes in international law brought about by the conflict

US Policy toward Syria 1936-1949 2013-10-24 focused on the united states to the ongoing negotiations between france and syria on the signing of the treaty french syrian in 1936 on the independence of syria the united states is aware that syria s strategic importance as the pipeline transportation of oil from iraq to the mediterranean passing through its territory as well as that the united states following the developments taking place in syria as it came to their interests the announced cathero high commissioner the french and the commander in chief in the east representative of the government of france independence of syria in the 27 september 1941 when sheikh taj al din al husseini presidency of the republic and the united states issued on 29 november 1941 statement confirmed the sympathy with the aspirations of the natural and legitimate for syria the approach of u s policy toward syria over the past 1943 1945 and carried out by france acts of abuse and bombing and tied inhumane with the population and the rejection of the french policy of this and discuss the developments in syria independence and participation in the un within the framework of the decisions in the context of international interests and international competition syria station attention by decision makers in the united states for its strategic location and the passage of pipelines transporting oil and followed up minutes of the ongoing developments in which a researcher for securing their own interests and the interests of its citizens and its institutions and cultural missionary and archaeological

Syrian Refugee Children in the Middle East and Europe 2018-04-09 each volume deals with a wide variety of scholarly subjects all revolving around the central theme of syro egypt s high and late medieval history topics dealt with include archaeology architecture codicology economic political and religious history as well as belles lettres

Us Policy Toward Syria 1936-1949 2013-10 focused on the united states to the ongoing negotiations between france and syria on the

signing of the treaty french syrian in 1936 on the independence of syria the united states is aware that syria s strategic importance as the pipeline transportation of oil from iraq to the mediterranean passing through its territory as well as that the united states following the developments taking place in syria as it came to their interests the announced cathero high commissioner the french and the commander in chief in the east representative of the government of france free independence of syria in the 27 september 1941 when sheikh taj al din al husseini presidency of the republic and the united states issued on 29 november 1941 statement confirmed the sympathy with the aspirations of the natural and legitimate for syria the approach of u s policy toward syria over the past 1943 1945 and carried out by france acts of abuse and bombing and tied inhumane with the population and the rejection of the french policy of this and discuss the developments in syria independence and participation in the un within the framework of the decisions in the context of international interests and international competition syria station attention by decision makers in the united states for its strategic location and the passage of pipelines transporting oil and followed up minutes of the ongoing developments in which a researcher for securing their own interests and the interests of its citizens and its institutions and cultural missionary and archaeological

The Battle for Syria 2020-09-22 an unprecedented analysis of the crucial but underexplored roles the united states and other nations have played in shaping syria s ongoing civil war one of the best informed and non partisan accounts of the syrian tragedy yet published patrick cockburn independent syria s brutal long lasting civil war is widely viewed as a domestic contest that began in 2011 and only later drew foreign nations into the fray but in this book christopher phillips shows the crucial roles that were played by the united states russia iran saudi arabia turkey and qatar in syria s war right from the start phillips untangles the international influences on the tragic conflict and illuminates the west s strategy against isis the decline of u s power in the region and much more originally published in 2016 the book has been updated with two new chapters

Syria 2014 john mchugo examines the history of syria from the first world war to the present he takes in the country s thwarted attempts at independence the french policies that sowed the seeds of internal strife and the fragility of its post independence democracy he then turns to recent events religious and sectarian tensions that have pulled syria apart the pressures of the cold war and the arab israeli dispute and two generations of rule by the assads

Roman Syria and the Near East 2003 table of contents

The Muslim Brotherhood in Syria 2019-08 a look at the history of the muslim brotherhood in syria examining why the group failed to capitalise on its political advantage during the syrian uprising and civil war

Some Aspects of Missionary Activity in Syria in the Nineteenth Century 1979

In the Lion's Den 2011 provides a rare glimpse into the machinations of one of the world s most baffling political systems examining what

has gone wrong and how washington should deal with this volatile middle eastern nation publisher

The Syrian Civil War 2017-03-25 includes pictures includes online resources and a bibliography for further reading includes a table of contents i m not a puppet i wasn t made by the west to go to the west or any other country i m syrian i m made in syria i have to live in syria and die in syria bashar al assad 2012 in december 2010 a 26 year old tunisian street vendor s self immolation triggered protests that spread from his hometown in sidi bouzid to cities across the country the next month on january 14 the country s autocratic president zine el abidine ben ali fled the country this would be the start of what became known as the arab spring which ultimately saw anti government protests responded to with violence reform or both in countries across the middle east in syria the protests that began as early as january 2011 and increased in intensity the following march devolved into a complex armed conflict that involves multiple armed groups and wages to this day like the other dictators bashar al assad faced popular demonstrations against his regime at the height of the arab spring but he steadfastly refused to step down from power and the protests against him and his government quickly turned violent which eventually enveloped syria in a civil war that has already killed over 400 000 created over 4 million refugees and shows no signs of ending anytime soon furthermore on august 21 2013 a chemical weapon attack outside of the capital city damascus left around 1 500 civilians dead and anti assad factions in syria as well as enemies of the assad regime in other countries have blamed the syrian regime for the attack while assad claims his enemies are responsible although seeing and hearing about events in other countries affected by the arab spring most certainly helped encourage syrian demonstrators there are a number of other factors that contributed to the war from foreign jihadist groups to the weather from 2006 2011 a severe drought helped trigger increased urbanization with a significant movement of the country s population moving from rural into urban areas and a corresponding worsening of socio economic conditions there was also a decline in oil production from 548 000 barrels per day bpd in 2000 to 380 000 bpd in 2009 at that time the failure to discover new deposits meant an expected continued decline opposition to assad s rule also already existed there were people disappointed with continued limitations on freedoms and his failure to implement promised reform this included the introduction of the damascus spring at the start of assad s tenure which involved state sanctioned social and political debate but was ultimately suppressed there was also significant opposition among sunni islamists who hadn t forgotten the deadly 1982 crackdown on the muslim brotherhood in hama by hafez al assad over 5 years later syria remains a flashpoint and an international crisis the major questions that concern the future of syria are whether assad will literally and politically survive the civil war and what syria s future will be in the wake of the civil war answering these questions requires an understanding of assad s religious sect the alawites the regional strife among sunni and shiite nations arab nationalism and the assad family as a whole the syrian civil war the history of the 21st century s

deadliest conflict looks at the still raging war and how it has been fought along with pictures of important people places and events you will learn about the syrian civil war like never before

The Syria Dilemma 2013-09-05 the current conflict in syria has killed more than 80 000 people and displaced four million yet most observers predict that the worst is still to come and for two years the international community has failed to take action world leaders have repeatedly resolved not to let atrocities happen in plain view but the legacy of the bloody and costly intervention in iraq has left policymakers with little appetite for more military operations so we find ourselves in the grip of a double burden the urge to stop the bleeding in syria and the fear that attempting to do so would be iraq redux what should be done about the apparently intractable syrian conflict this book focuses on the ethical and political dilemmas at the heart of the debate about syria and the possibility of humanitarian intervention in today s world the contributors syria experts international relations theorists human rights activists and scholars of humanitarian intervention don t always agree but together they represent the best political thinking on the issue the syria dilemma includes original pieces from michael ignatieff mary kaldor radwan ziadeh thomas pierret afra jalabi and others contributors asli bâli richard falk tom farer charles glass shadi hamid nader hashemi christopher hill michael ignatieff afra jalabi rafif jouejati mary kaldor marclynch vali nasr thomas pierret danny postel aziz rana christoph reuter kenneth roth anne marie slaughter fareed zakaria radwan ziadeh stephen zunes

Asad's Legacy 2001 eyal zisser tackles these questions and examines the legacy of the man president clinton called the smartest leader in the middle east as far as i q is concerned he also explores the peculiar dynamics of the asad family with its byzantine power plays and competing factions asad s legacy is the most up to date thorough treatment of hafiz al asad s role in the history and politics of the contemporary middle east it sheds new light on the story of asad s rule over his nation and points the way to the future of syria and the entire region jacket

Assad or We Burn the Country 2020-04-14

Civil War in Syria 2018-02-08 the first comprehensive field based study of the syrian conflict introducing a seminal approach to civil wars

The Chronicles of the Syrian Revolution 2017-07-25 since the start of the conflict in syria in 2011 syrian refugee children have withstood violence uncertainty fear trauma and loss this book follows their journeys by bringing together scholars and practitioners to reflect on how to make their situation better and to get this knowledge to as many front liners across european and neighbouring countries in the middle east as possible the book is premised on the underlying conception of refugee children as not merely a vulnerable contingent of the displaced syrian population but one that possesses a certain agency for change and progress in this vein the various contributions aim to not just de securitize the conversation on migration that frequently centres on the presumed insecurity that refugees personify

they also de securitize the figure and image of the refugee through the stories of the youngest and most vulnerable they demonstrate that refugee children are not mere opaque figures on who we project our insecurities instead they embody potentials and opportunities for progress that we need to nurture as young refugees find themselves compelled to both negotiate the practical realities of a life in exile and situate themselves in changing and unfamiliar sociocultural contexts drawing on extensive field research this edited volume points in the direction of a new rights based framework which will safeguard the future of these children and their well being offering a comparative lens between approaches to tackling refugees in the middle east and europe this book will appeal to students and scholars of refugees and migration studies human rights as well as anyone with an interest in the middle east or europe

Burning Country 2016 in 2011 syrians took to the streets to demand the overthrow of the regime of bashar al assad today much of syria has become a war zone where foreign journalists find it almost impossible to go burning country explores the reality of life in present day syria drawn from over fifteen years of work with the people of syria it reveals the stories of opposition fighters exiles lost in an archipelago of refugee camps and many others examining new grassroots revolutionary organisations the rise of isis and islamism and the emergence of the worst refugee crisis since world war two burning country is a vivid account of a modern day political and humanitarian nightmare from back cover
